

The Concept

The Cottages offer 24-hour supervision and companionship in a home-like setting. Home means security and our house has the sounds and smells of home – coffee perking in the kitchen, chocolate chip cookies baking in the oven, laughter over a game of cards and mouth-watering stew simmering in the crock pot. Comfortable furniture adds to the plush, quiet environment.

Exceptions are the norm at The Cottages. If a resident likes to sleep late in the morning and misses breakfast, our staff will make a little brunch for him or her later. The same is true for those who have trouble sleeping at night. Maybe a glass of milk or a piece of toast will help, along with a chat with someone who is also awake. Our staff comes from the neighborhood and our small-town caring goes a long way toward making this a cozy, pretty place to live.

When care at home is no longer possible, we understand the dilemma and concerns family members have when seeking the right place for their loved ones to live.

We offer a place that provides personalized care in a non-institutional setting...a place where your loved one will be safe and have appropriate care that will promote dignity and the highest quality of life.

The Cottages look like a family home. Our family-like atmosphere promotes a feeling of security and well-being for each resident that lives here.

Our philosophy at The Cottages is that the resident cannot change, therefore, staff must adjust to accommodate the resident.

The Cottages are located on the campus of Three Links Care Center in Northfield, Minnesota, just 35 minutes south of the Twin Cities.

Three Links Care Center upholds a long tradition of quality care for the elderly. Since 1899, we have been committed to a continuum of care options which integrate innovative, flexible services to meet the individual's physical, psychological, social and spiritual needs.

The Cottages

Supervised living in a home-like setting for those with memory loss.
